New Orleans history is steeped in coffee. Outside the Cathedral of St. Louis in Jackson Square, early entrepreneurs like Old Rose provided eager churchgoers with the brew, and it was sold in the French Market beginning in the late 1700s. Café du Monde and Morning Call started serving café au lait more than a century ago. People gathered for business, socializing, politics and auctions at five hundred coffee exchanges and shops in the 1800s. Since 1978, myriad specialty coffee shops have opened to meet increasing demand for great coffee. Author Suzanne Stone presents the full story of this celebrated tradition, including how chicory became part of the city's special flavor.

This book is for everyone who contemplates starting a business, or business owners who would like to learn new ideas to advance their business. It first asks the reader to evaluate personal characteristics and business skills to ascertain if they should even start a business and if the results are favorable, leads them through twenty-one concise steps to get the business up and running in the shortest possible time. This book has: potential business ideas, how to write a business plan and some examples, what business structure to adopt and why, setting goals and objectives - personal and professional, choosing the correct business location, all facets of running an office, forms and samples for every day use, seventeen marketing ideas and building a client base - day by day. Following the procedures in this book will give the reader the opportunity to be one of the 60,000 businesses that succeed each year.

When a murderer crashes a masquerade ball, it's up to Liz to unmask the killer . . . It's been quite a year for novelist Liz Holt. She's overcome a lot and is finally feeling at peace with her new life at her family's hotel, the Indianantic by the Sea, on the beautiful barrier island of Melbourne Beach, Florida. She's exactly where she needs to be to ring in the New Year at the Florida Writes Literary Masquerade Ball. But when her ex-boyfriend surprises her at the ball, she can't disguise her anger, and the two engage in a very public argument. Naturally, after her ex is found dead on the hotel grounds, shot through the heart, Liz tops the suspect list. With the help of family and friends, she needs to clear her name before the real killer waltzes away scot-free . . . Recipes included! Praise for Kathleen Bridge "A delightful sneak peek into life

in the Hamptons, with intricate plotting and a likeable, down-to-earth protagonist. A promising start to a promising series.” —Suspense Magazine on *Better Homes and Corpses* “The descriptions of furniture and other antiques, as well as juicy tidbits on the Hamptons, make for entertaining reading for those who enjoy both antiques and lifestyles of the rich and famous.” —Booklist on *Better Homes and Corpses* “An excellent read.” —RT Book Reviews on *Hearse and Gardens* “Ghosal Living is a marvelously entertaining tale of revenge, murder, quirky characters—and disappearing books! With a clever protagonist, wonderful details of life in the Hamptons, and plot twists on top of plot twists, Kathleen Bridge will have mystery readers clamoring for more.” —Kate Carlisle, New York Times bestselling author

Parishes of all denominations are in decline, shrinking, closing, dying. We know that there are increasing numbers, young and older, who are religious “nones” and “dones.” This book explores why the decline is taking place, why the distancing is going on. But it goes on to examine parishes from all over the country and from various church bodies that are resurrecting. The central theme of death and resurrection shapes the analysis of parishes covered. Parishes are resurrecting by reinventing their ministries, by repurposing their building to better serve their neighborhoods, thus replanting and reconnecting with them. All of this is the Spirit’s doing but through the community of sisters and brothers who make up each congregation of faith. Community as the core of church is the other reality shaping the book’s reflection. And community, a parish being with those around, living for more than its own survival are visions for going forward. Other aspects of congregational life are also examined, most importantly the pastors—how they serve when budgets shrink, how they are trained, how pastors act with the community not above it. No recipes are suggested for parish resurrection, but the stories of the parishes that have revived bear within numerous lessons for us in the future.

Foreword by Austin Wolfe. This second collection of poems from the author explores running themes from both the past, childhood and the sharp cut of the future. The style is a slight departure from Brandon’s --*The Season*--, choosing to stretch out across multiple pages often a more narrative driven poetry. Single fatherhood, post-modern adulthood and what it means to discover new versions of the self when the old ones have failed.

“Cafes are where change happens and people feel most themselves. In this surprising book we see how Japan came of age in the café—where women became free, where people jazz and poetry could reign. And, of course, where coffee is at its perfectionist best. Always a congenial companion and teacher, Merry White shows us a whole society in a beautifully made cup.” —Corby Kummer, *The Atlantic* “Merry White’s book is vital reading for anyone interested in culture and coffee, which has a surprising and surprisingly long history in Japan. Tracing the evolving role of the country’s cafes, and taking us on armchair visits to some of the best, White makes us want to board a plane immediately to sample a cup brewed with ‘kodawari,’ a passion bordering on obsession.” —Devra First, *The Boston Globe* “Coffee Life in Japan features highly engaging history and ethnographic detail on coffee culture in Japan. Many readers will delight in reading this work. White provides an affectionate, deeply felt, well reasoned book on coffee, cafes, and urban spaces in Japan.”—Christine Yano, author of *Airborne Dreams: “Nisei” Stewardesses and Pan American World Airways* “Combining unmistakable relish for the subject with decades of academic expertise, Merry White skillfully demonstrates that the café, not the teahouse, is a core space in urban Japanese life. Her portrait of their endurance, proliferation, and diversity aptly illustrates how coffee drinking establishments accommodate social and personal needs,

catering to a range of tastes and functions. It is a lovely and important book not only about the history and meanings of Japan's liquid mojo, but also about the creation of new urban spaces for privacy and sociality." —Laura Miller, author of *Beauty Up: Exploring Contemporary Japanese Body Aesthetics*

The heart of *Generation Chef* is the story of Jonah Miller, who at age twenty-four attempts to fulfil a lifelong dream by opening the Basque restaurant Huertas in New York City. Journalist and food writer Karen Stabiner takes us inside Huertas's roller-coaster first year, but also provides insight into the challenging world a young chef faces today - the intense financial pressures, the overcrowded field of aspiring cooks, and the impact of reviews and social media, which can dictate who survives.

The deluxe eBook edition of *Generation Chef* features exclusive multimedia content, including four videos that take readers to Huertas in the East Village to meet chef and owner Jonah Miller, his partner and manager Nate Adler, as well as author Karen Stabiner. Inside what life is really like for the new generation of professional cooks—a captivating tale of the make-or-break first year at a young chef's new restaurant. For many young people, being a chef is as compelling a dream as being a rock star or professional athlete. Skill and creativity in the kitchen are more profitable than ever before, as cooks scramble to reach the top—but talent isn't enough. Today's chef needs the business savvy of a high-risk entrepreneur, determination, and big dose of luck. The heart of *Generation Chef* is the story of Jonah Miller, who at age twenty-four attempts to fulfill a lifelong dream by opening the Basque restaurant Huertas in New York City, still the high-stakes center of the restaurant business for an ambitious young chef. Miller, a rising star who has been named to the 30-Under-30 list of both *Forbes* and *Zagat*, quits his job as a sous chef, creates a business plan, lines up investors, leases a space, hires a staff, and gets ready to put his reputation and his future on the line. Journalist and food writer Karen Stabiner takes us inside Huertas's roller-coaster first year, but also provides insight into the challenging world a young chef faces today—the intense financial pressures, the overcrowded field of aspiring cooks, and the impact of reviews and social media, which can dictate who survives. A fast-paced narrative filled with suspense, *Generation Chef* is a fascinating behind-the-scenes look at drive and passion in one of today's hottest professions.

Buying a coffee maker is a painful process, and believe me, not an easy one, especially if you don't know what you need. There are lots of types of coffee makers and grinders, and they have lots of specifications. Some specifications are similar but named differently due to the patent of the technology used. I've helped thousands of people to guide them to find the right coffee maker and grinder that fits their needs. Most of the annoying issues appear while using. Because you never thought these scenarios would happen before buying your coffee maker. Let me give you an example. Most people don't care about the water tank removability option on espresso or filter coffee machines. If you plan to put your coffee maker on a kitchen countertop and there is a kitchen cabinet on top of it unremovable tank might be a problem for you. You need to pull the coffee maker every time to pour water into it. This is called experience, and I am sharing lots of real-life experiences with you in this book. Starting with Moka Pot, PourOver, French Press, Chemex, v60, and continue with manual, semi-automatic, and fully automatic espresso makers, filter coffee machines, grinders, and Turkish Coffee. I believe you will learn lots of things when you finished the
