iPECS provides an environment rich in features beyond today's traditional circuit switched telephone systems. In addition to a fully featured voice intercom, the iPECS incorporates enhanced messaging, basic Auto Attendant/Voice Mail, Least Cost Routing, and Automatic Call Distribution, as well as Web based Admin, and VoIP network interface.

Installation Description Manual

As with all iPECS 9200 series handsets, the LDP-9240D model uses Web Manager Install Wizard to provide simple steps for easy installation. Furthermore, the handset uses a sophisticated HTML5 based Web Admin – a computerised maintenance management system. So, the LDP-9240D is both simple to install and simple to maintain.
