Featuring expert advice for applying to graduate school in clinical and counseling psychology--as well as profiles of more than 300 doctoral programs--this authoritative resource has now been updated for 2020/2021. More than 150,000 prospective students have used the Insider's Guide to find the programs that meet their needs and maximize their chances of getting in. Profiles include each program's specializations or tracks, admission requirements, acceptance rates, financial aid, research areas, and clinical opportunities. A detailed time line and multiple worksheets help students complete key prerequisites, decide where to apply, develop their credentials, put together strong applications, and make an informed final decision. The 2020/2021 Edition includes profiles of 14 additional programs, plus updates about the application process.

Advanced degrees are necessary for careers that once required only a college education. Yet little has been written about who gets into grad school and why. Julie Posselt pulls back the curtain on this secret process, revealing how faculty evaluate applicants in top-ranked doctoral programs in the humanities, social sciences, and natural sciences.

Peterson's Graduate Programs in the Physical Sciences, Mathematics, Agricultural Sciences, the Environment & Natural Resources contains a wealth of information on colleges and universities that offer graduate work in these exciting fields. The institutions listed include those in the United States and Canada, as well international institutions that are accredited by U.S. accrediting bodies. Up-to-date information, collected through Peterson's Annual Survey of Graduate and Professional Institutions, provides valuable information on degree offerings, professional accreditation, jointly offered degrees, part-time and evening/weekend programs, postbaccalaureate distance degrees, faculty, students, degree requirements, entrance requirements, expenses, financial support, faculty research, and unit head and application contact information. Readers will find helpful links to in-depth descriptions that offer additional detailed information about a specific program or department, faculty members and their research, and much more. In addition, there are valuable articles on financial assistance, the graduate admissions process, advice for international and minority students, and facts about accreditation, with a current list of accrediting agencies.
