Fiction Books | Buy Cheap Fiction Books From The Works

The book does give a few tips on how to care and repair odd items in a few disciplines, but very basic. Almost as if written for children! There are no illustrations on how to repair or care for beloved items, only some very poor black and white drawings of eg an apron, tape measure, which look like they have been downloaded from a clip art site.

---

Selling fees | eBay

Be careful selling books. Not as much fun as it might appear. If you're getting recent releases their resale value might be very low when used. Check out the prices on ebay. There are a few sellers who dominate the market (not us) and they can sell books for a few bucks. We try to get a minimum of \$14 (including shipping) for an item.

How to list book condition on Ebay? - The eBay Community

Buy The Wild Remedy: How Nature Mends Us - A Diary (As seen on BBC's Springwatch) by Mitchell, Emma (ISBN: 9781789290424) from Amazon's Book Store. Everyday low prices and free delivery on eligible orders.

Even if you think of your eBay selling as a hobby rather than a business, the fact is that if you're making money, you are in business, and therefore subject to the same taxes and regulations as other real world retail businesses. Simply written and packed with stories of actual eBay sellers, The eBay Seller's Tax and Legal Answer Book takes you through the most common eBay transactions, pointing out all the legal and tax issues you're likely to encounter. Complete with sample contracts, forms, checklists, and disclaimers, this is a book no eBay seller should be without.

The past is a foreign country: this is your guidebook. Take a step back into Ian Mortimer's guide and experience the middle ages like never before.

Explains how eBay.co.uk works, and how to get the most out of it, whether you are a buyer or a seller. The author takes you through the key features of the site, step-by-step, advising on the tactics you can employ when bidding and selling, and explains how to minimise the fees you pay and just why your feedback rating is so important.

New York Times Notable Book: "A well-told business yarn . . . A fly-on-the-wall look at how eBay got to be eBay." —Chicago Tribune When Pierre Omidyar launched a clunky website from a spare bedroom over Labor Day weekend of 1995, he wanted to see if he could use the Internet to create a perfect market. He never guessed his old-computer parts and Beanie Baby exchange would revolutionize the world of commerce. In this fascinating book, Adam Cohen, the first journalist ever to get full access to the company, tells the remarkable story of eBay's rise. He describes how eBay built the most passionate community ever to form in cyberspace and forged a business that triumphed over larger, better-funded rivals. And he explores the ever-widening array of enlistees in the eBay revolution, from a stay-at-home mom who had to rent a warehouse for her thriving business selling bubble-wrap on eBay to the young MBA who started eBay Motors (which within months of its launch was on track to sell \$1 billion in cars a year), to collectors nervously bidding thousands of dollars on antique clothing-irons. "Skillfully synthesizes the story of eBay's corporate evolution with profiles of more peripheral figures." —The Washington Post Book World "The definitive history of eBay—a strange and exhilarating tale." —Jeffrey Toobin, New York Times-bestselling author of True Crimes and Misdemeanors

Everyday eBay is the first scholarly analysis of the internet marketplace that has become a global social, cultural and economic phenomenon. The eighteen new and classic essays gathered here examine eBay from a wide variety of perspectives as a bellwether of taste and material culture; as a rich site of cultural, racial, and sexual discourse and practice; as an emergent media form; and as a facilitator of global consumerism. From old toys steeped in nostalgia to 'rare' limited edition shoes, the contributors demonstrate that value on eBay is never simply about 'price'. On any given day, more than two million items are listed for sale on eBay, from everyday objects to kitsch and collectibles to the truly bizarre. Since its debut ten years ago, eBay has quickly become a central destination for millions of web browsers. According to eBay itself, up to 165,000 Americans now make their living by selling through the website, and other business analysts project that hundreds of thousands of individuals worldwide now make their living through eBay.

Millions of people turn to Ebay to sell their unwanted items and to make some extra money, but getting started can be overwhelming if you've never used the site before. In "Beginner's Guide To Selling On Ebay", Ebay Power Seller Ann Eckhart walks you through the steps needed to start selling. From setting up your Ebay and PayPal accounts and writing your first listing, to packaging up orders and dealing with problem customers, this book will virtually hold your hand and guide you along the path to becoming an Ebay seller. The easy-to-read format of this book along with the step-by-step instructions will have you making money on Ebay within days!

Learn to recognize valuable collectibles, and avoid junk. Start part-time and expand your income when you're ready.

First you'll discover how to make your own U.S. secret military superfood at home. The Doomsday Ration might have cost millions to invent, but it's super cheap to make or replicate! And I bet you'll find most of the ingredients are already in your pantry. Once you've made your first batch, get ready to forget about it-because this superfood will never spoil, even in the harshest conditions and even without refrigeration. You'll always be able to keep your entire family well fed on it just by spending a few dollars each day. Plus, it's also lightweight enough that it belongs in your bug-out bag too.
