## Violence Against Women Research Papers - Academia.edu

While both women and men can be perpetrators and / or victims of violence and sexual assault, research consistently shows that the overwhelming majority of violence and abuse against women in intimate relationships is perpetrated by men whom women know and often in homes or environments they share. Violence against women cuts across all types of interpersonal violence, and must be addressed as a component of gender inequality and inequity.

Domestic Violence against Women as a Grave Threat to Society Domestic violence, or intimate partner violence as it is also referred, is a serious problem in today's society. This paper will focus on physical violence and abuse against women, though other types of abuse exist. Despite new and emerging laws, advocates speaking out, and a slight decrease in overall reported domestic violence incidents, women are still victims.
