The Emperor's Spears are a Chapter on the edge of destruction, last watchmen over the Elara's Veil nebula. Now, the decisions of one man, Amadeus Kaias Incarius of the Mentor Legion, will determine the Chapter's fate... The scattered worlds of the Elara's Veil nebula were once protected by the oath of unity sworn by three mighty Chapters of the Adeptus Astartes. The Star Scorpions were undone by flaws in their genetic coding. The Celestial Lions were ravaged by the Inquisition for sins they did not commit. Now, after hundreds of years, only the Emperor's Spears still keep their vigil. They are barbarian watchmen against the Outer Dark; bloodied but unbroken in their long duty. Amadeus Kaias Incarius, a brother of the Mentor Legion, is commanded to cross the Great Rift and assess the Spears' war-readiness, only to be drawn into the chaotic plight of a depleted crusade on the Imperium's benighted frontier. The decisions he makes, far from the God-Emperor's light, will decide the fate of the war-torn Chapter.

From the Angel Sanguinius, who took the sole brunt of his Legion's most brutal acts, to Vulkan, whose humanity made him unique amongst his brothers, and from dour Perturabo, architect, inventor and murderous warlord, to Horus, whose shining light was eclipsed only by the darkness that grew within his soul, this anthology covers eight of the primarchs and their greatest – or darkest – deeds. As war splits the galaxy, the Emperor toils in the vaults beneath the Imperial Palace. But his great work is in peril, and the forces of Chaos are closing in ... While Horus' rebellion burns across the galaxy, a very different kind of war rages beneath the Imperial Palace. The 'Ten Thousand' Custodian Guard, along with the Sisters of Silence and the Mechanicum forces of Fabricator General Kane, fight to control the nexus points of the ancient eldar webway that lie closest to Terra, infested by daemonic entities after Magnus the Red's intrusion. But with traitor legionaries and corrupted Battle Titans now counted among the forces of Chaos, the noose around the Throneworld is tightening, and none but the Emperor Himself can hope to prevail.

A celebration of the art of Warhammer 40,000, this text focuses on the astropaths, navigators, inquisitors and other agents of the Imperium that add to the richness of this war-torn universe.

Alongside the Null-maidens of the Sisters of Silence, who are anathema to psykers and sorcerers alike, there is no threat to the Golden Throne that they alone cannot vanquish... until now.
